

# ELC Advanced Neurolanguage Coaching® Certification Programme

Online

**Advanced Neurolanguage Coach Training  
accredited by the International Coach Federation**

We are pleased to announce the ELC Advanced Neurolanguage Coaching® Certification. This course provides 18 hours of ICF (International Coach Federation) accredited Continuing Coaching Education (CCE) units, plus 6 hours of resource development.

This is an online programme only consisting of 8 sessions of 3 hours.

## Virtual Classroom for the Online Course

This is a highly interactive online course - we use a virtual classroom software allows course participants to see each other, speak to each other and share all kinds of media (presentations, whiteboard, video, internet access etc) and therefore it is just as interactive as a face-to-face course. The course has a very well-balanced ratio of theory and practice with a high degree of active coaching.

## Programme Overview

This programme focuses on not only reinforcing general coaching, but also the application of coaching principles, tools and processes into language learning and also deepens knowledge on neurolanguage coaching®. This advanced course aims to consolidate and develop even further the skills of a neurolanguage coach®, giving professionalism to the whole process.

The 24 hours of training is delivered in 8 three-hour online interactive learning sessions with a break in the middle of each session. Each participant will receive a comprehensive course manual (ELC Advanced NeuroLanguage Coaching® Training Manual).

## Requirements

Obligatory successful completion of the ELC Language Coaching Certification Course.

## Assessment and Certificate

After the course is finished, participants are required to submit a recording to demonstrate the deeper level of Advanced Neurolanguage Coaching skills. This can be a recording to demonstrate any of the coaching conversations or models covered on this course. This session will then be assessed and if it fulfils the requirements the certificate will be issued and sent.

## Programme Schedule

For next course schedule please refer to [www.languagecoachingcertification.com/elc-neurolanguage-coaching-certification/](http://www.languagecoachingcertification.com/elc-neurolanguage-coaching-certification/)

## Fees

The price for the advanced online course is EUR 1,130.00 including materials and manuals. Please note that the aforementioned price is the net price.

Payment facilities in installments are also available. Please ask us for details.

## To become an ACC ICF credentialed coach

If you are interested in becoming an ACC ICF credentialed coach, the two ELC Language Coaching Certification and the Advanced Neurolanguage Coaching Courses together provide the necessary 60 credits needed to apply for the ACC. We can offer advice on how to become an ACC, as well as recommend mentors and advice on how to conduct the recording and the multiple choice test for the ACC.

## Programme enquiries

For more information on our training, tuition fee and payment options, please contact ELC Training Programmes Manager, Ms Elsa Sousa at [info@languagecoachingcertification.com](mailto:info@languagecoachingcertification.com) or +44 7561427701. I do hope to hear from you in the near future and really look forward to working with you on this course.

Kind regards,

Rachel Paling - Director
